ENGLISH MASTER'S DEGREE PROGRAMMES ACADEMIC YEAR 2014/2015

www.tu9.de/master

ADMISSION REQUIREMENTS

To enroll in an English master's degree programme, a first recognized university degree (typically a bachelor's degree) is required. Moreover, applicants need proficiency in English. For further information on the individual study programmes please visit: www.tu9.de/master.

APPLICATION PROCESS

Applications must be submitted to the respective TU9 University. Most master's courses are subject to admission restrictions. Procedures and factors taken into account may vary.

Application deadlines for different master's courses vary. You will find details of application periods and requirements on the individual university website.

COURSE	DEGREE	UNIVERSITY	SPECIAL CHARACTERISTICS
Agriculture & Forest Science			
Horticultural Science	Master of Science	TU München	international programme in cooperation with European partner universities
International Horticulture	Master of Science	Leibniz Universität Hannover	
Sustainable Resource Management	Master of Science	TU München	
Tropical Forestry	Master of Science	TU Dresden	joint degree programme in cooperation with European partner universities is possible
Architecture, Urban Planning, Civil Engineering			
Advanced Computational and Civil Engineering Structural Studies (ACCESS)	Master of Science	TU Dresden	
Advanced Construction and Building Technology	Master of Science	TU München	
Computational Mechanics	Master of Science	TU München	in cooperation with Elite Network of Bavaria, degree „Master of Science with Honours“ is possible
Computational Mechanics of Materials and Structures (COMMAS)	Master of Science	University of Stuttgart	
European Master in Territorial Development	Master of Science	TU Braunschweig and Leibniz Universität Hannover	obligatory stay abroad during 3rd semester
Infrastructure Planning (MIP)	Master of Science	University of Stuttgart	
Integrated Urbanism & Sustainable Design (IUSD)	Master of Science	University of Stuttgart	double degree in cooperation with Ain Shams University, Cairo, Egypt
Integrative Technologies and Architectural Design Research (ITECH)	Master of Science	University of Stuttgart	
International Cooperation and Urban Development	Master of Science	TU Darmstadt	joint degree programme in cooperation with European partner universities is possible; including elective courses in German
Land Management and Land Tenure	Master of Science	TU München	executive programme (tuition fee)
Life Science Economics and Policy	Master of Science	TU München	
Transport and Logistics	Master of Science	TU München	at GIST-TUM Asia, Singapore (tuition fee)
Transportation Systems	Master of Science	TU München	
Urban Development	Master of Science	TU Berlin	partly takes place at Campus El Gouna, Egypt (tuition fee)
Urban Management	Master of Science	TU Berlin	tuition fee
Biology, Chemistry, Medicine			
Chemistry	Master of Science	TU Braunschweig	including courses taught in German (German language skills required)
Industrial Chemistry	Master of Science	TU München	joint degree programme at GIST-TUM Asia in cooperation with NUS, Singapore (tuition fee)
Laboratory Animal Science	Master of Science	RWTH Aachen	at RWTH Aachen University International Academy (tuition fee)
Nutrition and Biomedicine	Master of Science	TU München	
Organic and Molecular Electronics	Master of Science	TU Dresden	interdisciplinary study programme comprising physics, chemistry, electrical engineering, and materials science
Regenerative Biology and Medicine	Master of Science	TU Dresden	
Biotechnology, Bioengineering, Medical Engineering			
Biomedical Computing	Master of Science	TU München	
Biomedical Engineering	Master of Science	RWTH Aachen	
Lasers in Dentistry	Master of Science	RWTH Aachen	executive programme at RWTH Aachen University International Academy (tuition fee)
Medical Radiation Sciences	Master of Science	TU Dresden	two profiles: profile „Medical Radiation Biology“ completely taught in English
Molecular Bioengineering	Master of Science	TU Dresden	
Nanobiophysics	Master of Science	TU Dresden	joint master's degree in cooperation with European partner universities is possible
Nanoelectronic Systems	Master of Science	TU Dresden	
Computer Science			
Biomedical Computing	Master of Science	TU München	
Computational Linguistics	Master of Science	University of Stuttgart	
Computational Logic	Master of Science	TU Dresden	joint master's degree in cooperation with European partner universities is possible (tuition fee)
Computational Mechanics	Master of Science	TU München	in cooperation with Elite Network of Bavaria, degree "Master of Science with Honours" is possible
Computational Mechanics of Materials and Structures (COMMAS)	Master of Science	University of Stuttgart	
Computational Neuroscience	Master of Science	TU Berlin	joint degree programme in cooperation with HU Berlin and Charité-Universitätsmedizin Berlin
Computational Science and Engineering	Master of Science	TU München	in cooperation with Elite Network of Bavaria, degree „Master of Science with Honours“ is possible
Computational Sciences in Engineering (CSE)	Master of Science	TU Braunschweig	bilingual programme including courses taught in German (German language skills on level A1 required)
Computer Science	Master of Science	University of Stuttgart	including elective courses taught in German
Computer Simulations for Science and Engineering (COSSE)	Master of Science	TU Berlin	joint degree programme in cooperation with European partner universities, coordinated by KTH Stockholm, Sweden
Distributed Software Systems	Master of Science	TU Darmstadt	
Distributed Systems Engineering	Master of Science	TU Dresden	joint master's degree in cooperation with European partner universities is possible
ICT Innovation	Master of Science	TU Berlin	joint degree programme in cooperation with European partner universities (coordinated by EIT ICT Labs at KTH Stockholm, Sweden)
Informatics	Master of Science	TU München	
Informatics: Games Engineering	Master of Science	TU München	
Information Systems Management	Master of Science	TU Berlin	language of instruction either English or German
Information Technologies for Business Intelligence (IT&BI)	Master of Science	TU Berlin	joint degree programme coordinated by Free University of Brussels, Belgium
Internet Technologies and Information Systems (ITIS)	Master of Science	TU Braunschweig and Leibniz Universität Hannover	in cooperation with TU Clausthal and Universität Göttingen
Media Informatics	Master of Science	RWTH Aachen	in cooperation with Bonn Aachen International Center for Information Technology; compulsory German language course included in programme
Scientific Computing	Master of Science	TU Berlin	including courses taught in German
Simulation Sciences	Master of Science	RWTH Aachen	in cooperation with German Research School for Simulation Sciences
Software Systems Engineering	Master of Science	RWTH Aachen	
Technology Management	Honours Degree	TU München	in cooperation with LMU Munich and Elite Network of Bavaria
Economics & Management			
Business Administration	Master of Business Administration	Leibniz Universität Hannover	executive or full-time MBA at GISMA Business School, Hanover (tuition fee)
Consumer Affairs (EURECA)	Master of Science	TU München	joint master's degree programme in cooperation with European partner universities is possible
Economics (3 Majors: European Asian Economic Relations, Finance, International Management)	Master of Science	Leibniz Universität Hannover	1-year master's degree programme (4-year bachelor's degree programme required)
Energy Engineering and Management (EEM)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Financial Engineering (FE)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Industrial and Network Economics (MINE)	Master of Science	TU Berlin	
Innovation and Business Creation	Master of Business Administration	TU München	Executive MBA
Innovation Management and Entrepreneurship	Master of Science	TU Berlin	joint degree programme in cooperation with University of Twente, Netherlands, and Warsaw School of Economics, Poland
Management and Engineering in Production Systems	Master of Science	RWTH Aachen	executive programme at RWTH Aachen University International Academy in cooperation with Maastricht School of Management, Netherlands (tuition fee)
Management of Product Development (MPD)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Production and Operations Management (POM)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Service Management & Engineering (SME)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Technology Management	Honours Degree	TU München	in cooperation with LMU Munich and Elite Network of Bavaria
Electrical and Communications Engineering			
Communications Engineering	Master of Science	TU München	
Computational Sciences in Engineering (CSE)	Master of Science	TU Braunschweig	bilingual programme including courses taught in German (German language skills on level A1 required)
Electrical Engineering and Information Technologies	Master of Science	KIT	
Electrical Engineering, Information Technology, and Computer Engineering	Master of Science	RWTH Aachen	two specializations completely in English; six further specializations in German
Electronic Systems Engineering and Management (ESEM)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Energy Technologies (ENTECH)	Master of Science	KIT	within the framework of KIC InnoEnergy; in cooperation with European partner universities
European Master of Research on Information and Communication Technologies (MERIT)	Master of Science	KIT	joint degree programme in cooperation with European partner universities (tuition fee)
EuroPhotonics – Master in Photonics Engineering, Nanophotonics, and Biophotonics	Master of Science	KIT	at Karlsruhe School of Optics and Photonics (KSOP); Erasmus Mundus programme in cooperation with European partner universities
Information and Communication Engineering	Master of Science	TU Darmstadt	some elective courses taught in German (free German language course included in programme)
Information Technology (INFOTECH)	Master of Science	University of Stuttgart	compulsory German language course included in programme
Integrated Circuit Design	Master of Science	TU München	joint degree programme at GIST-TUM Asia in cooperation with NTU, Singapore (tuition fee)
Internet Technologies and Information Systems (ITIS)	Master of Science	TU Braunschweig and Leibniz Universität Hannover	in cooperation with TU Clausthal and Universität Göttingen
Nanoelectronic Systems	Master of Science	TU Dresden	
Optics and Photonics	Master of Science	KIT	at Karlsruhe School of Optics and Photonics (KSOP)
Organic and Molecular Electronics	Master of Science	TU Dresden	interdisciplinary study programme comprising physics, chemistry, electrical engineering, and materials science
Power Engineering	Master of Science	TU München	

COURSE	DEGREE	UNIVERSITY	SPECIAL CHARACTERISTICS
Environmental Engineering			
Air Quality Control, Solid Waste and Waste Water Process Engineering (WASTE)	Master of Science	University of Stuttgart	compulsory German language course included in programme; some elective courses taught in German
Energy Engineering	Master of Science	TU Berlin	partly takes place at Campus El Gouna, Egypt (tuition fee)
Energy Engineering and Management (EEM)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Energy Management	Master of Science	TU Berlin	online part-time programme; tuition fee
Environmental Engineering	Master of Science	TU München	
Environmental Planning	Master of Science	TU Berlin	some elective courses taught in German
Environmental Policy and Planning	Master of Science	TU Berlin	in cooperation with FU Berlin; German language skills on beginners level required
Green Mobility Engineering (GME)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Hydro Science and Engineering	Master of Science	TU Dresden	joint degree programme in cooperation with international partner universities is possible
Polymer Science	Master of Science	TU Berlin	joint degree programme in cooperation with FU Berlin, HU Berlin and Universität Potsdam
ProWater – Sustainable Management and Protection of Water (Distance Learning)	Master of Science	TU Braunschweig	two language profiles: language of instruction either German or English; distance learning course (tuition fee)
Resources Engineering	Master of Science	KIT	including courses taught in German (German language skills on level B1 required)
Tropical Hydrogeology and Environmental Engineering (TropHEE)	Master of Science	TU Darmstadt	
Water Engineering	Master of Science	TU Berlin	partly takes place at Campus El Gouna, Egypt (tuition fee)
Water Resources and Environmental Management	Master of Science	Leibniz Universität Hannover	
Water Resources Engineering and Management (WAREM)	Master of Science	University of Stuttgart	double degree programme with international partner universities is possible; compulsory German language course in first semester

Geodesy, Georesources & Materials Sciences			
Applied Geophysics	Master of Science	RWTH Aachen	joint degree programme in cooperation with TU Delft, Netherlands, and ETH Zurich, Switzerland
Cartography	Master of Science	TU Dresden and TU München	in cooperation with TU Wien, Austria
Earth Oriented Space Science and Technology (ESPACE)	Master of Science	TU München	joint degree programme in cooperation with Wuhan University, China, is possible
Geodesy and Geoinformatics	Master of Science	KIT	some elective courses taught in German (German language skills on intermediate level required)
Geodesy and Geoinformation Science	Master of Science	TU Berlin	
Geomatics Engineering (GEOENGINE)	Master of Science	University of Stuttgart	
Land Management and Land Tenure	Master of Science	TU München	executive programme (tuition fee)
Materials Science	Master of Science	TU Darmstadt	
Materials Science	Master of Science	University of Stuttgart	double degree programme with international partner universities is possible
Metallurgical Engineering	Master of Science	RWTH Aachen	

Humanities, Law & Education			
European and International Energy Law	Master of Business Law	TU Berlin	tuition fee
Intellectual Property and Competition Law	Master of Laws	TU München	in cooperation with Max Planck Institute and international partner universities
IT Law and Intellectual Property Law	Master of Laws	Leibniz Universität Hannover	bilingual programme with European partner universities; can be completed in English
Research on Teaching and Learning	Master of Education	TU München	

Mathematics			
Mathematical Finance and Actuarial Science	Master of Science	TU München	
Mathematics	Master of Science	KIT	
Mathematics	Master of Science	TU München	
Mathematics in Bioscience	Master of Science	TU München	
Mathematics in Operations Research	Master of Science	TU München	
Mathematics in Science and Engineering	Master of Science	TU München	

Mechanical Engineering			
Aerospace Engineering	Master of Science	TU München	joint degree programme at GIST-TUM Asia in cooperation with NTU, Singapore (tuition fee)
Automotive Engineering	Master of Science	RWTH Aachen	at RWTH Aachen University International Academy (tuition fee); compulsory German language course included in programme
Computational Mechanics	Master of Science	TU München	in cooperation with Elite Network of Bavaria, degree „Master of Science with Honours“ is possible
Computational Mechanics of Materials and Structures (COMMAS)	Master of Science	University of Stuttgart	German language course included in programme
Computer Aided Conception and Production in Mechanical Engineering	Master of Science	RWTH Aachen	at RWTH Aachen University International Academy (tuition fee), compulsory German language course included in programme
Energy Technologies (ENTECH)	Master of Science	KIT	within the framework of KIC InnoEnergy; in cooperation with European partner universities
Global Production Engineering in Manufacturing	Master of Science	TU Berlin	tuition fee
Global Production Engineering in Solar Technology	Master of Science	TU Berlin	tuition fee
Green Mobility Engineering (GME)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
International Mechatronics	Master of Science	Leibniz Universität Hannover	double degree in cooperation with SPbSPU, Saint Petersburg, Russia: 1st year in Saint Petersburg, 2nd year in Hanover
Management and Engineering in Production Systems	Master of Science	RWTH Aachen	executive programme at RWTH Aachen University International Academy; in cooperation with Maastricht School of Management, Netherlands (tuition fee)
Management of Product Development (MPD)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Mechanical Engineering	Master of Science	University of Stuttgart	joint degree with Georgia Tech, Atlanta, USA; 1 year in Atlanta, 1 in Stuttgart
Production and Operations Management (POM)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Production Systems Engineering	Master of Science	RWTH Aachen	at RWTH Aachen University International Academy (tuition fee)
Service Management & Engineering (SME)	Master of Science	KIT	executive programme at HECTOR School of Engineering, Karlsruhe (tuition fee)
Space Engineering (MSE)	Master of Science	TU Berlin	tuition fee

Physics			
Computational Mechanics	Master of Science	TU München	in cooperation with Elite Network of Bavaria, degree „Master of Science with Honours“
EuroPhotonics – Master in Photonics Engineering, Nanophotonics, and Biophotonics	Master of Science	KIT	at Karlsruhe School of Optics and Photonics (KSOP); Erasmus Mundus programme in cooperation with European partner universities
Nanobiophysics	Master of Science	TU Dresden	joint degree programme in cooperation with European partner universities is possible
Optics and Photonics	Master of Science	KIT	at Karlsruhe School of Optics and Photonics (KSOP)
Organic and Molecular Electronics	Master of Science	TU Dresden	interdisciplinary study programme comprising physics, chemistry, electrical engineering, and materials science
Physics	Master of Science	RWTH Aachen	
Physics	Master of Science	University of Stuttgart	
Physics (Applied and Engineering Physics)	Master of Science	TU München
