

LETTER OF RECOMMENDATION

I take immense pleasure in introducing one of my outstanding students Mr. [REDACTED]. I have been acquainted with him for the past two years as a student of undergraduate studies under the Electronics and Communication Engineering in our Institute. I have handled Digital Signal Processing, Microwave Engineering and Satellite Communication, in the fifth, sixth and seventh of his undergraduate studies.

Mr. [REDACTED] has undertaken various projects related to subject during his study period. The major among them are listed below:

1. Functioning of WIMAX.
2. ARDUNIO Based Industrial Automization.

I was his guide for the above given projects. I found that he is well-focused, hardworking and committed towards his work. He is a critical thinker and has the innate ability in problem solving. He has good leadership skills and language skills. In team tasks, this student has always emerged as a team leader because of his sincerity and overall multifaceted personality.

His ability to work with counter parts and even with his seniors is exemplary. With his pleasing manners, proficiency in communicating his ideas effectively, he has established an excellent rapport with his fellow students and the faculty. He has attended various symposia held in the city, which suggests his keen interest in the latest technological advancements. He has consistently performed well and stands within the top 5 in his class of 66.

I am confident that your esteemed university will be an ideal place for him to improve upon his existing skills through pursuing a Masters Program. I strongly recommend him for admission to the graduate program with financial Assistance.

Wishing him all the success in his future endeavors.

Sincerely,

[REDACTED]
